Trade name Nafufill F 82 XX

	P280	(Contd. of page 1) Wear protective gloves / eye protection / face protection.
	P305+P351+P3	338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, in present and easy to do. Continue rinsing.
	P310	Immediately call a POISON CENTER/doctor.
	P321	Specific treatment (see on this label).
	P403+P233	Store in a well-ventilated place. Keep contained tightly closed.
· Other hazards		
· Results of PBT and vPv	B assessment	
· PBT:	Not applicable.	
· vPvB:	Not applicable.	

3 Composition and information of the ingredients of the hazardous chemical

• Chemical characterisation: Mixtures

Description:	Mixture consisting of the following components.	
· Dangerous components:		
CAS: 14808-60-7	Quartz sand	30-60%
CAS: 65997-15-1	Portland cement (low chromate) Eye Dam. 1, H318; Skin Irrit. 2, H315; STOT SE 3, H335	30-60%
CAS: 68475-76-3	Flue dust, portland cement Eye Dam. 1, H318; Skin Irrit. 2, H315; STOT SE 3, H335	≥1-<2.5%
· Additional inform	nation For the wording of the listed hazard phrases refer to se	ction 16.

4 First-aid measures

Description of first aid measures
 General information
 After inhalation
 After skin contact
 After eye contact
 After swallowing
 For all first aid measures: observe self-protection and consult a doctor!
 After skin contact
 Remove people from the dusty area.
 Remove heavily soiled clothing. Clean with plenty of soap and water.
 After swallowing
 Do NOT induce vomiting. Rinse mouth with water. Medical attention required.

5 Fire-fighting measures

· Extinguishing media

• Suitable extinguishing agents Use fire fighting measures that suit the environment.

• Special hazards arising from the substance or mixture

No further relevant information available.

(Contd. on page 3)

• Advice for firefighters • Protective equipment:

No special measures required.

- 6 Accidental release measures
- Personal precautions, protective equipment and emergency procedures
 Environmental precautions:
 Methods and material for containment and cleaning up: Collect mechanically.
 Reference to other sections
 See Section 7 for information on safe handling See Section 8 for information on disposal.

7 Handling and storage

· Handling

Precautions for safe handling	Avoid dust formation! Avoid spraying the ready-to-use cementitious product! Avoid contact with eyes and skin! Clean hands thoroughly at the end of work and before every break! Use skin care products! Change heavily soiled clothing! Change clothes at the end of work! Apply greasy skin protection ointment before starting work and after each break. Observe work restrictions!
 Conditions for safe storage, ir Storage 	ncluding any incompatibilities
· Requirements to be met by	
storerooms and containers:	Store bags tightly closed; protect from moisture and water! Store containers tightly closed in a well-ventilated and well-lit room. Access only for specialised personnel. Do not store in break rooms, recreation rooms or sanitary facilities or in stairwells, corridors, escape and rescue routes, passages, passageways and confined spaces.
· Information about storage in	
one common storage facility:	<i>Combined storage bans apply from a total storage quantity of 200 kg.</i>
	Do not store together with substances of the following LGK: 1; 6.2; 7
	Storage with substances of the following LGK is only possible under the conditions specified in TRGS 510: 4.1A; 5.1C
· Further information about	
storage conditions: • Storage class	Store in a dry and frost-free place. 11

10 Stability and reactivity No further relevant information available. · Reactivity · Chemical stability Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications. · Possibility of hazardous reactions No dangerous reactions known · Conditions to avoid No further relevant information available. · Incompatible materials: No further relevant information available.

· Hazardous decomposition products:

No dangerous decomposition products known

11 Toxicological information

- · Information on toxicological effects
- · Acute toxicity

- CAS: 65997-15-1 Portland cement (low chromate)
- 2000 mg/kg (rabbit) Dermal LD50
- Inhalative LC50/4 h 5 mg/l (rat)
- Primary irritant effect:
- [·] Skin corrosion or irritation Irritant for skin and mucous membranes.

· Serious eye damage or eye	(Contd. of page 5
irritation · Respiratory / skin	Strong irritant with the danger of severe eye injury.
sensitization Additional toxicological	No sensitizing effect known.
information:	The product shows the following dangers according to th calculation method of the General EC Classification Guidelines for Preparations as issued in the latest version: Irritant
2 Ecological information	
2 Ecological information · Toxicity · Aquatic toxicity:	No further relevant information available.

· Bioaccumulative potential No further relevant information available.

- · Mobility in soil No further relevant information available.
- · Additional ecological information:
- · General notes: Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system.
- Results of PBT and vPvB assessment
- · PBT: Not applicable. Not applicable.
- · vPvB:
- · Other adverse effects No further relevant information available.

13 Disposal information

· Waste treatment methods · Recommendation

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

· Uncleaned packagings: Recommendation:

Empty contaminated packagings thoroughly. They can be recycled after thorough and proper cleaning.

· UN-Number		
· ADR, ADN, IMDG, IATA	Void
